

BOOSTER DOSE FACTS

COVID-19 BOOSTER VACCINES AUTHORIZED FOR USE IN ADOLESCENTS 12 TO 17 YEARS OF AGE

The 12 to 17 age group is eligible for the COVID-19 booster dose. The interval between the doses is dependent on the vaccine you receive as well as your health status. However, a minimum interval of 3-6 months is recommended before getting the booster dose.

The Pfizer-BioNTech Comirnaty COVID-19 vaccine has been authorized by Health Canada for individuals 12 years of age and older, using a 30 mcg dose

The Moderna Spikevax COVID-19 vaccine is authorized by Health Canada for individuals 12 years of age and older, using a 50 mcg dose

Visit <https://covid-19.ontario.ca/book-vaccine/> or by calling 1-833-943-3900 (TTY 1-866-797-0007) to book an appointment. Appointments can also be booked through walk-in clinics and [participating pharmacies](#).
